

AMON

TOUCH MONITOR

AMON-TOUCH MONITOR

The AMON, an advanced touch monitor, incorporates the All-In-One concept. Designed to be a versatile, compact, flexible and reliable touch monitor, the AMON can be optionally integrated with a Customer Display, Magnetic Card Reader, Smart Card Reader, iButton, Finger Print Sensor, RFID, Keypads and other I/O Devices. The AMON's unique and intelligent design is suitable for a wide range of applications, with multi-purpose benefits such as:

- A POS Monitor
- A Kitchen Display
- A Dual Touch Display
- A Trendy Touch Monitor

Senor's AMON can be customised to suit your requirements.

AMON TOUCH MONITOR

Senor's innovative and revolutionised POS Touch Monitor – AMON – marks the beginning of a new era. The AMON provides customers with simplicity yet a look that will last a decade. With a range of peripheral options, the AMON can be customised to individual requirements.

- Motorized LCD – Precise Angle Adjustments
- 270° Rotational Base
- Slimline Design
- Industrial Standard VESA Mount
- Attachable to any PC Equipment – via VGA port
- Internal Power Supply
- Integrated Speakers
- Splash Resistant
- Incorporate Plug-and-Play Technology to easily accommodate VFD customer display, 5-1 module (MSR, Smart Card Reader, RFID, Finger Print Sensor and iButton), or 40 Programmable Keypad.

The AMON offers a range of outstanding and flexible options, uncompromised quality standards and sophistication.
