CLARITY EVEN IN LOW LIGHT

ISO
6400
<12800>

Wide sensitivity coverage on the EOS 1200D lets you shoot under various lighting conditions. Even when shooting indoors or in low-light conditions, you can still use fast shutter speeds to capture action shots.

SPEEDY 3 FRAMES PER SECOND

Upto
3.0
Frames
Per Sec

Never miss a crucial moment with a continuous shooting speed of 3 frames per second. You can capture fast-moving subjects or action scenes at a high image quality, and pick the best from multiple shots.

PICKING OUT THE BEST IMAGE FROM
MULTIPLE SHOTS IS MADE EASY

QUICK AND ACCURATE FRAMING

9-point
AF

The 9-point AF system on the EOS 1200D delivers highly precise and sharp focus whether you are holding the camera in portrait or landscape position, so that your shots are all quick and easy to frame.

Intelligent Auto

SIMPLE FUNCTIONS, GREAT RESULTS

AMAZING SCENES MADE EASY

For easy and simple beautiful images, Scene Intelligent Auto analyzes the shooting scene based on colour, brightness, contrast, movement and distance. The camera will intelligently decide the best settings that suit the scene type from portraits to evening landscapes to nature scenes.

SIMPLE FEATURE GUIDE

DSLR photography is made truly easy and straightforward with Feature Guide to help explain the features and functions of the EOS 1200D. A simple description is displayed automatically when a function is selected, so you can choose settings without confusion.

BEAUTIFUL IMAGES ON AUTO

Learn the basics of photography with a hands-on approach using Creative Auto that provides guides explaining how to adjust exposure, tone, sharpness and more, while still resulting in beautiful images.

IMAGES BEYOND BASIC

Grow your confidence in handling the EOS 1200D and experiment with more advanced settings! Start with the Basic+ feature, where you can change ambience and/or scene type from multiple options to achieve your desired result.

FULL HD MOVIE

Your EOS 1200D captures amazing Full HD movies as easily as it shoots stunning still images. Simply hit the dedicated recording button to start capturing high-quality videos with easy simplicity and outstanding EOS performance.

EF LENSES

COMPATIBILITY WITH CANON EF & EF-S LENS RANGE

The EOS 1200D comes with the EF-S18-55mm IS II kit lens, which offers flexible operation and advanced optics for expressive results in videos and images. One advantage of shooting with DSLR cameras is the ready compatibility with the rest of the EOS System of cameras, lenses and accessories. Canon offers over 60 EF and EF-S lenses, allowing you to capture any scene in the best possible light.

LIGHTWEIGHT & VERSATILE

SINGLE-HANDED SHOOTING

Light enough for shooting with one hand while maintaining a comfortable and solid grip

VIEWFINDER SHOOTING

Stable hold on the camera for quick and accurate focus while providing a clear view of the scene

LIVE VIEW SHOOTING

Easy checking of focus and previewing of resulting image before shooting, especially in low light
