SYSTEM OVERVIEW & BENEFITS

Transform Your Production with ExPCS

The Existco Plant Control System (ExPCS) is your all-in-one solution, designed specifically for food manufacturing industries like meat, poultry, seafood, fruit, and vegetable processing. With industry-leading accreditations (GSI, NMI, AUS Meat, MSA, AQIS, NLIS), ExPCS integrates seamlessly with accounting systems to optimize sales, purchases, and inventory management.

Why Choose ExPCS?

- ✓ **End-to-End Traceability:** Track every product from raw materials to finished goods with unparalleled detail.
- ✓ **Triple Dimension Inventory:** Manage quantity, weight, and serial numbers for precision and compliance.
- ✓ **Scalable Efficiency:** Tailored for small goods, value-added manufacturing, and primary industries.

CORE FEATURES THAT DRIVE SUCCESS

- ✓ **Smart Purchase Orders & Goods Received:** Simplify buying with touch-screens, scanners, and scales for accurate stock updates.
- ✓ **Advanced Production Management:** Link to equipment (e.g., Wedderburn Digi) with waterproof screens, dual scales, and scanners for real-time planning.
- ✓ **Robust Traceability:** Track date, time, operator, and batch for quick recalls and transparency.
- ✓ **Dynamic Batching & Yielding:** Group production with batch data and optimise yields for carcass boning or value-added tasks.
- ✓ **Flexible Palletising & Inventory:** Manage storage locations and live inventory with detailed logs.
- ✓ **Efficient Stock Taking:** Use rugged mobiles for smart, ongoing stock counts.
- ✓ **Integrated Sales Solutions:** Boost engagement with CRM, apps, and web portals.
- ✓ **Seamless ERP Integration:** Connect to Xero, MYOB, QuickBooks, and SAP for easy finances.
- ✓ **Industry-Specific Tools:** Benefit from multi-species support, kill room modules, and MSA grading for meat, poultry, seafood.
