POS & Retail Thermal Printer

K U B E

Kube

CUSTOM introduces on point of sale market the new KUBE, very high speed thermal printer, up to 220mm/sec, quiet and with high performance. KUBE represents a revolutionary printing solution for retail and hospitality market. Reduced dimensions and winning design (many available colours), make KUBE easy to place inside point of sale where space need is priority. KUBE can be vertical or horizontal mounted allowing to optimize working space and making it tidy thanks to hidden link cables. Paper loading is easy and fast thanks to the innovative system patented by CUSTOM. Moreover the paper roll high capacity, 90mm diameter, allows to increase printing autonomy.

KUBE is able to print on 80mm or 82.5mm paper width. The printer is completed with drivers (Window and Linux) and utility for logo and character creation and updating. KUBE is available with serial RS232, USB and parallel interface and with cash drawer driver. KUBE is equipped with buzzer for sound signals, also polyphonics. It is possible to customize different melodies linked to special events (receipt issue, last ticket, etc..)

K I J B E POS

Configuration example:
KUBE printer with KUBE D customer display and KUBE K keyboard.

K I J B E
the most innovative solution
for POS & Retail
