

The Future In POS

OrderMate is a revolutionary business management solution, specifically designed for restaurants and cafes.-

It combines seamless ordering, restaurant management and reporting functions in a user-friendly manner.

What makes OrderMate different?

OrderMate has been developed by restauranteurs for restaurants. Everything you ever wanted in a Point of Sale system has been included in OrderMate.

The simple and intuitive screen layout and minimal input means that staff immediately feel confident entering orders. The advantage of the OrderMate design is that it ensures that mistakes made by staff are almost eliminated.

We have removed all the unnecessary screen clutter other solutions cannot. With OrderMate, the only information that is displayed on the screen at any one time is the information you need.

- **No more tedious staff training sessions**
- **Access vital business data at your fingertips**
- **Increase drink up-selling with the power of PocketMate**
- **Lightning fast order entry and printing**
- **OrderMate is quick to learn and fast to use**
