

## SPACE TAG 30 MM I-CODE SLI SL2

| Description: | SPACE TAG 30mm I-Code SLI SL2                       |                  |           |
|--------------|---|------------------|-----------|
| IC type:     | I-Code SLI SL2 ICS20 128 byte ISO 15693             |                  |           |
|              |   |                  |           |
| Physical:    | Diameter:   | 30.00 mm         | ± 0.30 mm |
|              | Thickness:  | 02.15 mm         | ± 0.30 mm |
|              | Hole:   | 03.20 mm         | ± 0.20 mm |
|              | Weight:   | 02.50 g          | ± 0.50 g  |
|              | Material:   | Polycarbonate    | Dark Blue |
| Electrical:  | Operating Frequency:                                | 13.56 MHz        |           |
| Thermal:     | Storage temperatures:                               | -40°C up to 90°C |           |
|              | Operating temperatures:                             | -25°C up to 70°C |           |
| Chemical:    | Water immersion IP67                                |                  |           |
|              | Aqueous solution of salts                           |                  |           |
|              | Unleaded gasoline                                   |                  |           |
|              | Petroleum   |                  |           |
|              | Mineral and vegetable oil                           |                  |           |
|              |   |                  |           |
| Special:     | Upon request other chip technologies are available. |                  |           |
|              |   |                  |           |
| Part number: | TAG-15-AA   |                  | 7         |
