

## Industrial Reader Supports the use of two antennas

|                                  |                                      |                                      |
|----------------------------------|--------------------------------------|--------------------------------------|
| <b>Description:</b>              | Industrial Reader IP 40 Housing      |                                      |
| <b>Frequency:</b>                | 125 / 134 kHz                        |                                      |
| <b>Antenna:</b>                  | 2 External antennas TPA-31-xx series | Optional                             |
| <b>Antenna tuning:</b>           | On board / switches                  |                                      |
| <b>Read distance:</b>            | Up to 600 mm                         |                                      |
| <b>Power supply:</b>             | 12 V DC                              | Optional with power supply TAC-11-12 |
| <b>Typ .supply Current:</b>      | 250 mA                               |                                      |
| <b>Interface:</b>                | Ethernet                             |                                      |
| <b>Housing:</b>                  | Aluminium IP 40                      |                                      |
| <b>Dimensions:</b>               | 260 x 160 x 90 mm                    |                                      |
| <b>Temperature:</b>              | -20°C....+50°C                       |                                      |
| <b>Supported transponders:</b>   | EM410x                               |                                      |
|                                  | ISO Animal FDX-B                     |                                      |
| <b>Technical certifications:</b> | CE                                   |                                      |
| <b>Special:</b>                  | Supports the use of two antennas     |                                      |
| <b>Part number:</b>              | TPF-34-A1                            |                                      |
