- Integrated bar code labeling software
- Symbol SPT 1800 mobile device with integrated laser scanner
- Rechargeable battery pack
- Recharge power supply
- Communication and recharge cables
- Preprinted asset tags
- Free technical support

Part Number: 633808390112

MobileAsset Features:

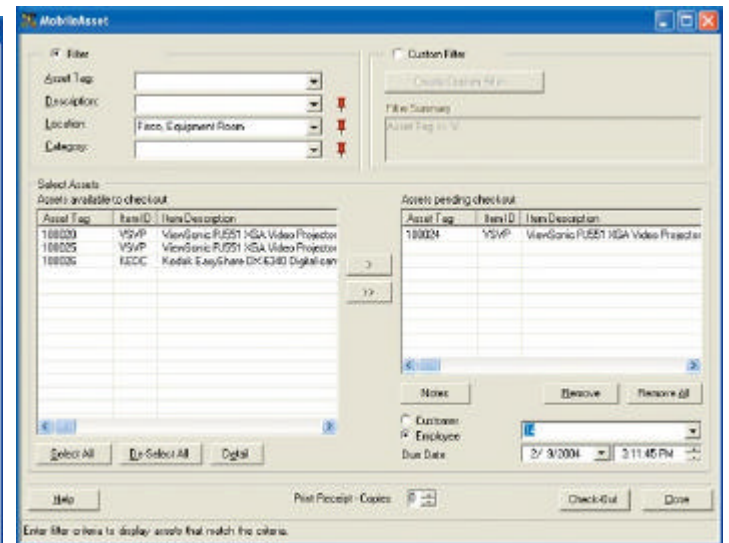

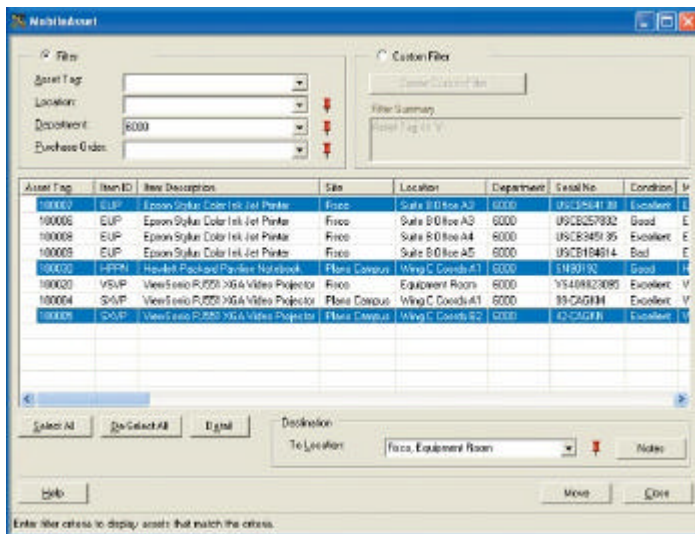

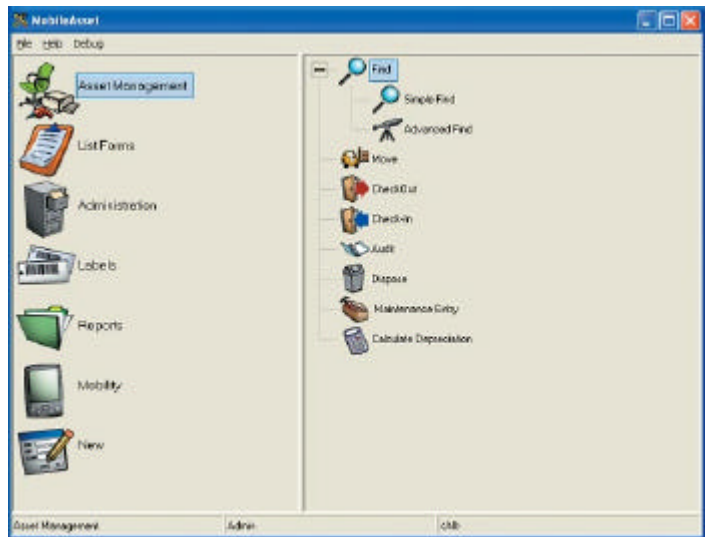

MobileAsset is a comprehensive, ready-to-use asset tracking solution for any business that needs to take control of their fixed assets. MobileAsset seamlessly integrates the power of a desktop computer with the functionality of a mobile data collector to make asset tracking fast and easy - regardless of your experience level!

- Track assets by Site, Location, Department, Item ID, Serial Number, and more!
- Add, Edit, Move, Dispose, Check-in/Out and Audit assets
- Move by Location, Department, Purchase order or Custom filter
- Check-in and Check-out assets to track who has the asset and when it is due back
- Print Receipts on both the PC and Mobile printers
- Schedule Maintenance to ensure assets are properly serviced
- Attach any type of File to an asset - Pictures, Warranties, User Manuals and More
- Import and Export Asset Data for external processing
- Create your own bar code asset tags
- Calculate Depreciation to determine the value of an asset
- Easy, One-click synchronization between your PC and the handheld Data Collector
- Secure Logon guards your asset information and tracks who did what
- Available in single computer Desktop Edition or Network Edition (5 named PCs)
- Includes one mobile device license. Additional mobile device licenses may be purchased

Never again lose track of where your important company assets are or their value.

PC System Requirements:

- Windows 98SE, 2000, ME, XP or NT
- 200MHz or higher processor
- 128 MB RAM minimum
- 350 MB disk space minimum
- 256 color minimum
- CD-ROM drive
- Network edition requires server OS to be NT, 2000 or XP
